

ACTIVITY 4

FOR THIS ACTIVITY, EACH GROUP IS REQUEST TO DO THE FOLLOWING:

1. Read the following newspaper articles on the 4 days work week*:

<https://www.theguardian.com/business/article/2024/aug/30/workers-uk-four-day-week-compressed-hours-flexible-working>

2. After reading the newspaper article, discuss in group the advantages and disadvantages of the implementation of the 4-day week.

What are the benefits and limitations inherent in the implementation of the 4-day week initiative, both for workers and companies?

Does the future of work depend on initiatives for time and place flexibility? Why?

3. Organize a small text (about 600 words) to present the group opinion on the topic. Support your response including positive and negative aspects related to work flexibility.

***For more details, explore the report on the Portuguese 4 days work week case study:**
