

EBH 25/6 (1st Term) – TUTORIAL

TASK 4 (1.5 pts of the Final Mark)

Each group must prepare two slides on one of the flows of Globalization

- a) One with the formulation of a simple thesis. Two (hopefully clear) *Lord of Rings*-inspired examples follow:
 - a. “Capital-poor countries (like Gondor and Rivendell benefitted from intense abroad investment”
 - b. “Natural resource-rich regions (like Mordor and Moria) were harmed by intercontinental trade of agrarian goods”.
- b) Other with one or two materials (i.e.: map, graph, table, diagram) documenting your thesis flows during the First Globalization (1820-1914).

Parts are assigned as follows:

	Groups
International Trade	A and F
International Labour Flows	B and D
International Capital Flows	C and E

Presentations will be made by one student chosen by the lecturer for each group.

Marks will reflect the slides, more than the presentation.

RECOMMENDATIONS

By now, you have acquired some experience in dealing with choices. You realized that the materials need to be relevant in three dimensions:

1. Identification Strategy (choosing the right variables)
2. Timespan (choosing the right period)
3. Case (choosing an example that fits your thesis)

Good Work,
