Instructions - 2

- Download the latest version (if you haven't done it before)
- Then test it!

Wiseflow

Exam participation

How to participate in a Wiseflow Exam

- On the exam date and starting time:
    - Open your computer
    - Close all applications
    - Open the browser
    - Go to https://pt.wiseflow.net/iseg
    - On the "Participation" tab, click on the flow corresponding to your exam
    - Scroll down to the link that allows you to star the exam
    - Follow the on-screen instructions until it asks for a participation password
    - Wait for the invigilator to give the participation password

Submitting the exam

- If you want to submit the exam, ask the invigilator
- The invigilator will come to you to insert the submission password

Network problem during the exam

- If a student experiences a network problem during the exam, the exam can continue offline and the student should download the file. Afterwords, close the lockdown browser, solve the network problem and upload the exam and submit.
    - See detailed instructions here:
        - https://wiseflow.zendesk.com/hc/en-gb/articles/4406221500050-Use-of-Offline-Backups-in-the-Lockdown-Browser
