Bachelor's Degree

APPLIED MATHEMATICS TO ECONOMICS AND MANAGEMENT

Course Unit: Statistical Laboratory

Group Assignment

Students must form **groups of five members** to complete the group assignment.

The assignment consists of the analysis of a statistical dataset selected for this purpose. The analysis should be based on the data analysis technique(s) taught throughout the semester.

The written report must not exceed **5 A4 pages**, and should be typed in **Times New Roman, font size 12, with 1.5 line spacing**.

The report must be submitted to the lecturer of the theoretical classes, in **PDF format**, via email to **efernandes@iseg.ulisboa.pt**, by **20:00 on 21/11/2025**.

The presentations of the assignments will take place during the classes on **27/11 and 28/11**, according to a schedule to be announced later.

Completing the group assignment is part of the **continuous assessment** of this course unit. Therefore, it is **mandatory** for all students who wish to obtain approval in this course in the current assessment period.
