III- ASSESSMENT

As for the first assessment term (*época normal*) there will be a system of continuous assessment. Continuous assessment is based on the following elements: class participation (20%); and two written tests, to be done in class (40% for each one).

Class attendance is required for the first assessment term. Those who will miss more than 7 lectures – for any reason – cannot be considered for the purpose of continuous assessment.

The second assessment term (*época de recurso*) will consist on a written exam.

In both the written tests and on the second term exam students are allowed to check the Treaty on the European Union and the Treaty on the Functioning of the European Union.
