NOTE 1: Each student needs to have participated in, at least, three preliminary tests that were hold in the practical classes. Now, there will be a “final” round of all the tests; as informed in due time, only three will be considered for classification purposes, for those that participated in all tests, the three best marks will be retained. The global mark of this part will be announced in the coming days, anyway before the Normal Exam of June 6.

NOTE 2: In the list below, students in italic with an asterisk in the beginning must go to the Appeal Exam (because they have not participated in the required tests, or have not the necessary mark); all the others may go to the Normal Exam.
