MATHEMATICS 1

UG degrees in Economics and Management

2017/2018 - 2nd Semester

Syllabus

Linear algebra

1. Vectors.

2. Matrices.

3. Determinants.

4. Systems of linear equations.

Calculus

5. The real number system.

6. Topology.

7. Sequences and series.

8. One-variable functions.

9. Limits and continuity

10. Differentiation.

11. Optimisation.

12. Antidifferentiation.

13. Integration.
