Resumo:

Notes:

- 1) This student only arrived a week before the deadline for submission of the essay, because of her father's illness. It has been justified by the registry.
- 2) Working students were not supposed to do ALS, except for the interim test. The system of evaluation changed very close to the deadline for the first essay. Thus, these students were exempted from the first essay.
- 3) Had decided not to write essay one, because it was possible under the previous system of evaluation, and could not write essay one on time.
