

EBH 24/25 (1st Term) -

**MINI TEST**

As defined early in the term, the mini test will be 15<sup>th</sup> October, in classroom F 103.

The mini test is worth 3 points out of 20.

It will consist of open question on economic growth to be presented in one lined sheet (brought by the student).

A good answer will require students to be familiar with the Galor thesis as presented in Text 1 and on the context for the start of economic growth as presented at lectures 1-4 (with more details given by R. Allen in 'Text 3').

No materials are allowed.

The test will take 20 minutes, with the entry times defined as follows:

<b>Entry Time</b>	<b>Students (first names)</b>
12h35	From Afonso to Luisa
13h00	From Maria to Vera

Good Work,
