The image shows a Microsoft Excel spreadsheet with a Solver Parameters dialog box overlaid. The spreadsheet has columns labeled A through R and rows labeled 1 through 19. The Solver Parameters dialog box is titled "Solver Parameters" and contains the following fields:

- Set Objective:** (empty text box)
- To:** (radio buttons for Max, Min, and Value Of: (empty text box))
- By Changing Variable Cells:** (empty text box)
- Subject to the Constraints:** (empty list box with buttons: Add, Change, Delete, Reset All, Load/Save)
- Make Unconstrained Variables Non-Negative:** (checkbox)
- Select a Solving Method:** (dropdown menu) with "Options" button

The number 35 is visible in the top right corner of the spreadsheet area.
